How to connect to a Fintech’s API

Working with Fintechs · https://nayaone.com/lou0lh9x2qkjngmo3lq4nz09dxorxnzcz51dpqp8/fintechs-for-dev/how-connect-fintechs-api/

Each Fintech on NayaOne has a unique associated subdomain. You’ll find these within the card's documentation tab. Code snippets can be copied in order to test each Fintech out from the same Documentation tab.

Request endpoints are: `<Fintech>.nayaone.com/<request-path>`
