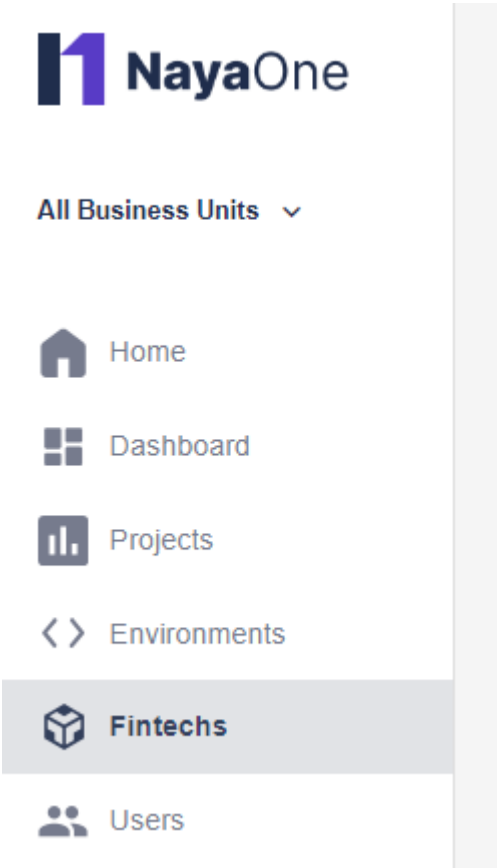
How to view a Fintech’s documentation

Working with Fintechs · https://nayaone.com/lou0lh9x2qkjngmo3lq4nz09dxorxnzcz51dpqp8/fintechs-for-dev/how-view-fintechs-documentation/

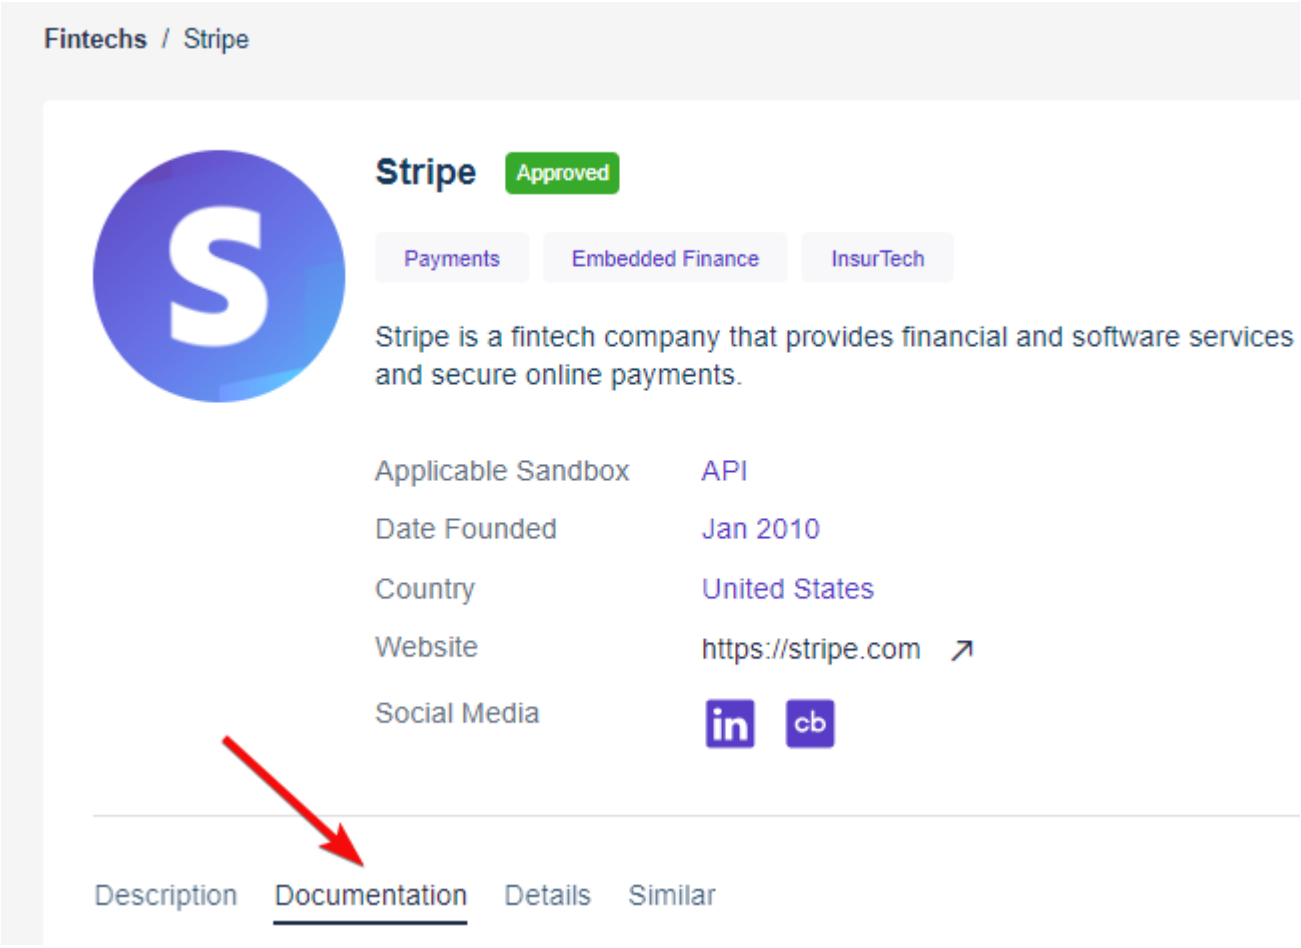
You can find sample request documentation and links to Fintech documentation.

Where to find sample request documentation

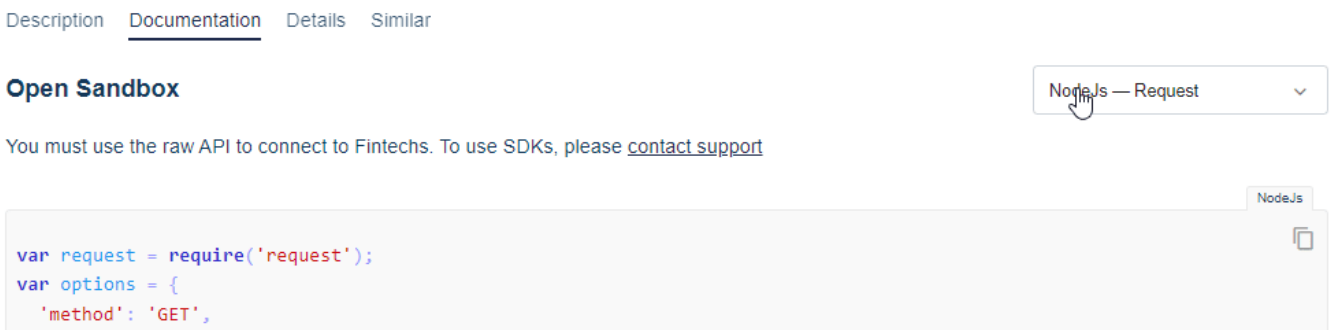
1. Click **Fintechs** in the sidebar:



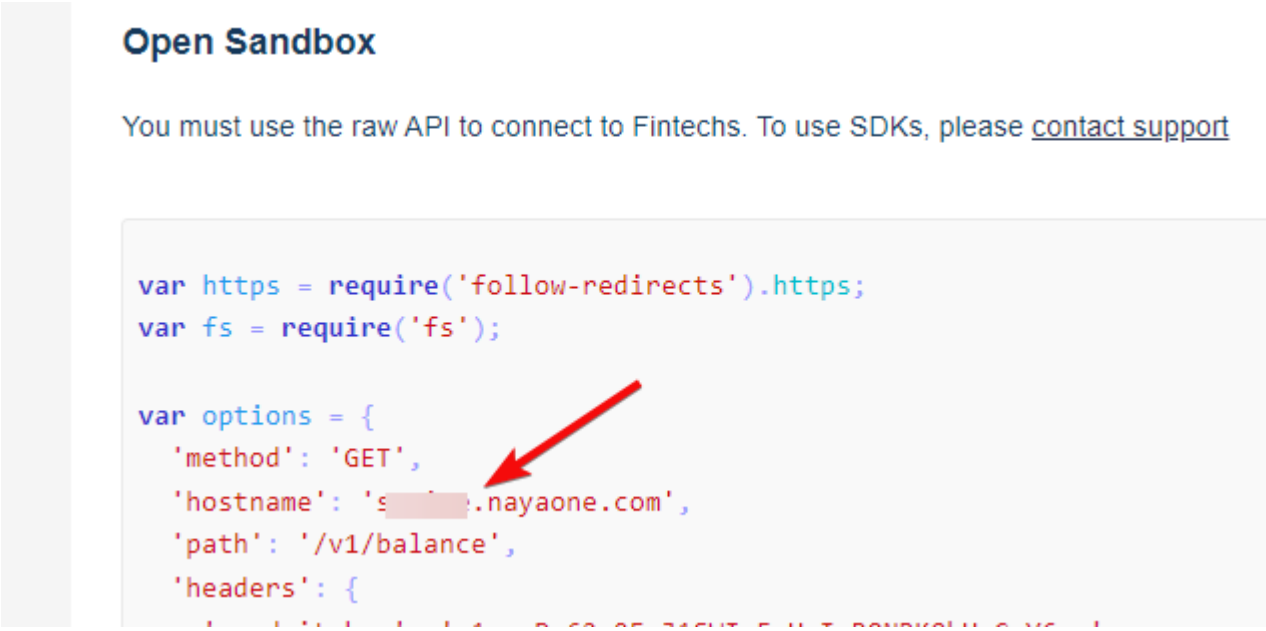
2. Click your chosen Fintech and click the **Documentation** tab:



3. Select the **language** to view a sample request:



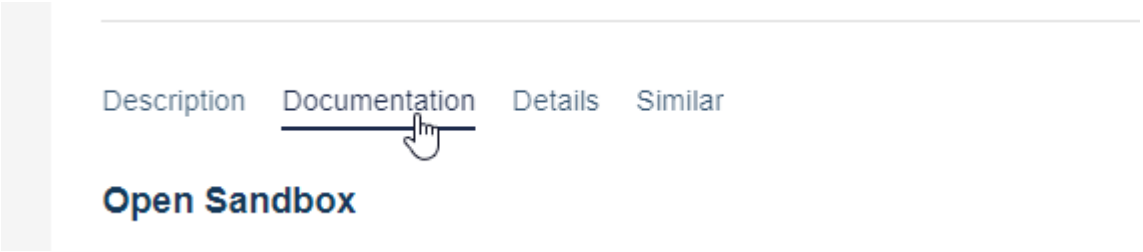
4. The sample request has already includes the Fintech name and NayaOne in the domain:



5. This happens after integration, when the NayaOne domain ensures NayaOne is injected into headers and parameters when making requests

Where to find native documentation

1. Click **Details > Fintech details**:



2. Scroll down to the **Developer Help heading** and you'll find links to the Fintech's native documentation:
