How to change Sandpit access settings

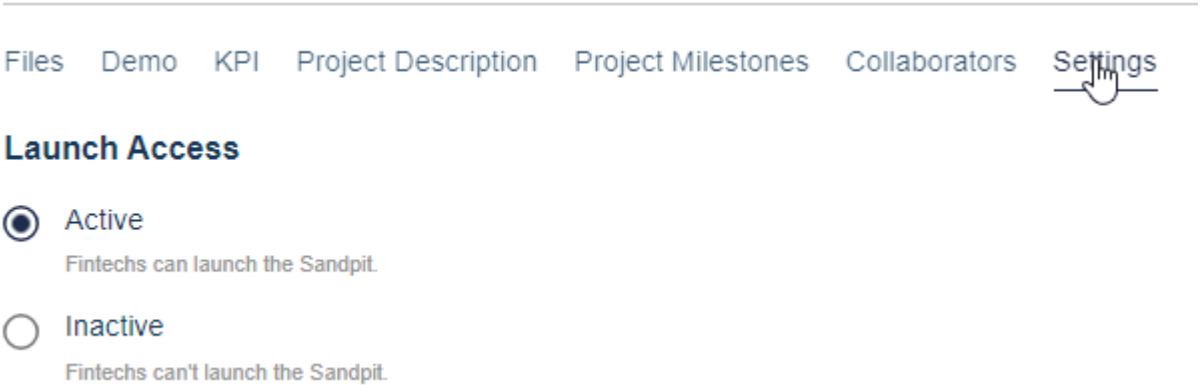

Working in Sandpits · https://nayaone.com/lou0lh9x2qkjngmo3lq4nz09dxorxnzcz51dpqp8/sandpits-for-users-en/how-change-access-settings/

You can limit user and Fintech access and launch settings.

1. Open the Sandpit where you want to change access settings
2. Click **Settings**
3. Toggle the **Launch access** between:

   Active: Fintechs can launch the Sandpit

   Inactive: Fintechs can't launch the Sandpit

4. You can also change the Sandpit status to prevent launch or access. Scroll down to choose:

   Suspend: Sandpit can't be launched or accessed. Sandpit can be made Live again with the same data and resources.

   Close: Sandpit is permanently closed. This action can't be reversed. Data and resources are deleted.
