SaaS Sandpit: Overview

Working in Sandpits · https://nayaone.com/lou0lh9x2qkjngmo3lq4nz09dxorxnzcz51dpqp8/sandpits-for-users-en/saas-sandpit-overview/

The SaaS Sandpit allows you to access SaaS products via URLS which would normally be inaccessible in institutions with strict regulations.

Summary

By implementing air gap technology, you can use this Sandpit as a secure proxy browser to investigate the look and feel of SaaS technology vendors.

Security considerations

You can’t upload or download files.

Only **Chrome/Chromium/Edge** browsers support **clipboard access** "out of the box". **Firefox** requires some configuration.
