Machine Learning with AWS SageMaker

Use Case Library · https://nayaone.com/lou0lh9x2qkjngmo3lq4nz09dxorxnzcz51dpqp8/use-cases-library-en/machine-learning-with-aws-sagemaker/

Learn how to create a machine learning model with AWS SageMaker.

1. Learn how to import data from the Data Marketplace.
2. Launch AWS SageMaker.
3. Use Canvas (a no-code tool) to create a data model.
4. Use stress evaluation data to create a predictive model.
